Program Objectives

This educational opportunity is designed for neurosurgeons with experience in treating spinal deformities. This program will enhance their knowledge and surgical skills in the diagnosis and treatment options of complex deformities. The program is comprised of lectures, case review, and a hands-on practical lab.

Who should attend?

Neurosurgeons in practice for 3 or more years that treat more than 25 scoliosis patients per year.

Registration

If you are interested in registering for this event, please contact your DePuy Spine Sales Representative or Professional Education at medicaleducation@its.jnj.com

This program is limited to 25 participants. Please register by February 26, 2010.

Course Location:

The DePuy Institute, LLC
325 Paramount Drive
Raynham, MA 02767

Course Hotel Accommodations:
